

Water & steam boilers

for use with Gas, Light Oil, & Gas/Light Oil – Fired Burners

Burner Specification & Data sheet

Carlin gas burners
201GAS, 301GAS, 601GAS

Figure 1 Models 201GAS, 301GAS and 601GAS (301GAS and 601GAS available with straight (shown) or 90°-angled gas train)

Burner model	Burner used on boiler models:	Motor size H.P.	Motor electrical characteristics	Gas train size (inches)	Length (from mounting flange to label area on burner front)	Overall width (not including gas train)
201GAS	380	1/6	120/60/1	¾"	22.0	11.7
301GAS	480, 580, 680, 780	1/6	120/60/1	1"	29.2	20.9
601GAS	880 980, 1080	1/2	120/60/1	1" 1¼"	29.6	24.4

Flame Safeguard

All models use Carlin 60200FR flame rod primary control

Massachusetts Installations

Specify Massachusetts Code approval when required. Burners may require special components. Contact factory for information.

Notes for Table 1 and Table 2

- Standard motor voltage is 120/60/1.
- Direct Spark Ignition is standard on all models.
- All 201GAS, 301GAS and 601GAS burners are available only with ON/OFF firing.
- Burner capacities listed are for elevations up to 2,000 feet. For higher elevations, consult local Weil-McLain distributor/agent or sales office.
- Gas ratings are based on natural gas with heating value of 1,000 Btu per cubic foot and specific gravity of 0.60.
- Boiler-burner unit must be adjusted to achieve 0.10 inches W.C. pressure at flue collar, resulting in positive pressure in firebox as listed in Table 1.
- Minimum gas pressures listed are subject to variations due to job conditions. Gas trains for other gas pressures are available. Consult local Weil-McLain distributor/agent or sales office.
- Gas manifold pressures shown are for initial start-up. Final pressure should be determined after checking actual gas flow and combustion readings.
- Burners listed by Underwriters Laboratories, Inc., Canadian Gas Association, state of Connecticut, Fire Marshal state of Massachusetts (when specified), city of New York MEA, and others.
- Special controls can be provided to meet other code requirements not listed. Consult your local Weil-McLain distributor/agent or sales office.
